Our mission is to educate people about the natural environment.

We give youth the opportunity to explore and discover the natural world in a fun, safe, and nurturing environment! We've been hosting camps for 50+ years!

Experience science as it comes to life!

Form lasting friendships.

Explore and discover the natural world.

Scientific knowledge should uplift, encourage and inspire.

Summer Camps

Camp Discovery (Grades K-7th)

Camp Discovery Teen (Grades 7th – 10th)

Camp Discovery is a place where science comes alive and lasting friendships are built as campers explore the natural world.

Our forest, wetland, and prairie habitats are perfect fits for a playground and science lab.

Between pond dipping, bug catching, shelter building, bird watching, and fishing, there is something for every camper to discover.

Safety is our first priority. All staff are certified in CPR, AED, First Aid, and trained in child development.

Spring Break Camps

(Grades K-6th)

Spring into adventure at Camp Discovery! Our campers get to discover new things, be adventurous and make new friends while spending time in the great outdoors.

Winter Break Camp

(Grades K-6th)

We don't let the cold stop us from getting outside! Our campers will experience and experiment outside every day.

School Programs

Engage students in educational activities, interactive lessons and hikes with our one- and two-hour Field Study programs.

Experience dynamic learning environments through LEARN517, a homeschool partnership program that explores a monthly theme through the disciplines of art, science, nature, and history.

Community Events

Join us on the second Saturday of the month!
Learn from a naturalist and create a craft project.

Our Annual Events

Fall: American Heritage Festival, Color Tours on the Grand River, and Runamunk 5K/10K run.

Spring: Kickoff to Camp Discovery and Family Campout.
